LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notions" free any more than a merchant can afford to give his customer free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

THIS SPACE BELONGS TO

Hechinger & Co

They are too busy today to say anything about the greatest stock of

It will pay you to investigate.

Committee Gets a Small Tax Commission For Mason.

COUNTY BOARD HIT IN THE NECK

Judge Charles D. Newell, County Attorney Frank P. O'Donnell and Deputy Clerk Arthur F. Wood went to Frankfort Thursday to secure if possible a reduction in the increase placed on the Mason county assessment by the State Board of Equalization.

It will be remembered that the County Board, at the conclusion of its work of "equalizing," and much against the judgment of some of the members, spat on its hands and at one fell swoop made a horizontal reduction of 20 per cent. on all kinds of values.

But the wool couldn't be pulled over the eyes of the State Board in that fashion.

And so when the horizontalized assessment got to Frankfort the State Board folks didn't Dewey a thing to it—no more than the Admiral did to the other Monkey at Manila!

They lit a fresh cigar, reared back on their pasterns and whacked a perpendicular increase of 35 per cent. on lands and personally 30 per cent. on town lots. This made a net increase over the original assessment of 8 and 4 per cent. respectively.

Now, under the persuasive powers of the above-named county officials, comes the State Board and gives a slight concession, reducing the increase to 34 per cent. on lands and 29 per cent. on town lots—a net increase over the original assessment of 7.15 and 3.15 respectively.

The increase on tangible personalty stands as first made—35 per cent.

The Fiscal Court has adjourned until the second Monday in August.

I have been a sufferer from chronic diarrhoea ever since the war and have used all kinds of medicines for it. At last I found one remedy that has been a success as a cure, and that is Chamberlain's Colic, Cholera and Diarrhoea Remedy.—P. E. GUNHAM, Gains Mills, La. For sale by J. Jas. Wood, Druggist.

It is understood that a floating reception on the elegant steamer, City of Louisville, will be given next Wednesday afternoon by DeMolay Commandery No. 12 of Louisville in honor of the meeting of the Grand Commandery of Kentucky. A SPANISH Cabinet officer says they are "wary of war." What! already? Why, Uncle Sam hasn't got his gun yet.

"It is a Nation without a history," hotly exclaims a Spanish fire-eater of the United States. At the rate we are making it we shall soon have enough to satisfy the most exacting Don.—Globe-Democrat.

Yes; and then all that will remain of Spain will be her history.

The Thirteenth Regiment of New York has been disgraced and disbanded, owing to a refusal to enlist as volunteers. Another instance proving that 13 is an unlucky and unpropitious number, to which little 13-year-old ALPHONSO XIII. also subscribes. Nor must it be forgotten that yesterday was the 13th day of the month, and that it was Friday as well.

Of all the telegrams we have received none have been misleading up to date with the exception of the one we printed Monday reporting that a naval battle had taken place on the Atlantic, resulting in the defeat of the Americans. We are happy to state that there was no truth in it whatever, though IN A CERTAIN QUARTER there seems to be GREAT DISAPPOINTMENT at such an engagement did not take place WITH THE RESULT STATED.—Evening Bulletin.

THE LEDGER begins its contemporary to explain its meaning. If there is any "certain quarter" in Mayville, or anywhere else in this country, where there would be "great disappointment" because the United States fleet was not defeated, it ought to be known—and the sooner the better. Please locate the "certain quarter" where these traitors can be found.

The Largest Shipment of
Deering
Twine.
That Ever Came to
Northeastern Kentucky
The DEERING is a safe line to hitch to. In buying a Self Binder one should study the matter carefully and select the best machine. Any make of binder will cut wheat, but there is one machine that will cut wheat, rye, oats, barley, millet, bluegrass, timothy, etc. Standing up or laying down flat, long or short, heavy or thin, on level, rolling or hilly lands as steep as a roof. This machine is the Deering. Condition of grain and land makes no difference to this machine's binder. Get your money's worth and
BUY A DEERING

was received Monday, Tuesday and Wednesday, May 9th, 10th and 11th, 1898, by JOHN I. WINTER, THE PRICE FIGHTER. There was 30,000,000 (thirty million) feet in the shipment, and every foot of it is the justly famous Deering Pure Sial. Every one wants twine and will have no other twine after one using Deering Pure Sial. None of us are too old to learn. If your neighbors are using a better article than you are, surely you wish to know it. The demand for Deering Pure Sial Twine has become so great that we were compelled to this year buy 30,000 feet to accommodate the wants of our customers. Now, listen: Every inch of this Twine is tested at a much longer tension than any binder requires in tying, while other makes of twine only 100 feet out of every 30,000 feet is tested. Deering Pure Sial Twine is made of extra long (first) strands of Pure Sial Fiber, which permits of its spinning, thus producing more bundles to the pound than any other twine in the world. To make a long story short, I offer the following: Take out a lot of Deering Pure Sial Binder Twine, try it, and if you don't find that it will bind an acre of wheat with less pounds than any other twine made, if you don't find that it is the strongest twine made, if it is not the best twine that you ever used, you will please return it and every cent of your money will be refunded. Surely, that's fair. You are to be your own judge. Say, I can save you big money on twine. I bought my twine some time since when it was selling below the cost of production. Twine has advanced ever since. I am willing to give my friends and customers the advantage of my judicious purchase. I am selling twine today for a pound less than the market price. In buying Binder Twine, Farm Wagons, Farm Implements, Mowers, Hay Rakes, Self Binders or Furniture it always pays to consult The Price Fighter.

WEDNESDAY, JUNE 1st, 1898,
THIS YEAR'S GRAND PICNIC AND DELIVERY DAY.

Upon this day all who have this year purchased a Deering Machine are expected to spend the day in Maysville and thoroughly enjoy themselves at John I. Winter's expense. We trust that all our customers will take advantage of this day to haul out their machines, for on this day we will pay all toll coming and going and care for man and beast the entire day. There will be plenty to eat for man and beast. Your entertainment the entire day will be with our compliments and at our expense. I trust that all of our customers will take advantage of this day to haul out their machines. Get in the procession just behind the band and help us to have a good time. Oh, yes; the band will be there! Remember, the date of this year's Picnic, Delivery Day and Banquet is Wednesday, June 1st, 1898. All of this year's purchasers of Deering Machines are expected.

SHERIDAN'S PAT REPLY.
An Incident of the First Inauguration of President Cleveland.
In view of the present contention over the standing of the Pennsylvania National Guard as an organization, an incident of Cleveland's first inauguration is of special interest.
As the head of the Pennsylvania troops reached the President's stand that official, turning to General Sheridan, then the head of the Army, asked:
"Are these the regulars?"
"No, Mr. President," answered little Phil; "that's the First Brigade, National Guard of Pennsylvania."
"Well, are these the regulars?" again asked the President, as the next Brigade appeared.
"No, Mr. President," was the reply, "that's the Second Brigade, National Guard of Pennsylvania."
As the next body of troops reached the stand the President marked:
"These surely are the regulars."
"No, Mr. President," again came the answer, "that's the Third Brigade, National Guard of Pennsylvania."
"Well, General," asked the President in surprise, are there any troops here from any other state than Pennsylvania?"
"None that are worth a dam!" was the prompt answer of the famous fighting General.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Ross, Va., writes: "I did not much more than the hardest kind of service at the front, I am now frequently troubled with rheumatism. 'I had a severe attack lately,' he says, 'and procured a bottle of Chamberlain's Pain Balm. It did me much good that I would like to know what you would charge me for one dozen bottles.' Mr. Anderson wanted it for both his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. County Levy.
An Increase of Fifteen Cents Over the Levy of Last Year.
The Fiscal Court yesterday made the levy for the year 1898, the amount on each \$100 worth of property being 67 1/2 cents, divided as follows:
Maysville and Sandy Railroad... 25 Cents
County Infirmary... 10
Schools... 15
Free turnpikes... 5
General Fund... 10
Turnpikes and bridges... 1
Total... 67 1/2 Cents
This is an increase of 15 cents over 1897, made necessary on account of about \$15,000 unpaid appropriations of last year.
There was considerable wrangling over the 20 cents for the General Fund, as the pay for tollgate guards is to be made out of this levy, and part of the Court wanted those accounts separated from others, so payment could be enjoined.
"Squire Rice made a motion that the levy for that fund be 15 cents, and that no part of it be used for payment of guards, but the motion was lost.
When the vote was taken on the original amount, there were 6 yeas to 3 nays, the latter being "Squires Rice and Ryan.

ON BOARD THE FLAG SHIP LOW OFF SAN JUAN DE PORTO RICO, May 13 (via St. Thomas, Danish West Indies, May 13).—The forts of San Juan and Porto Rico were bombarded by part of Mr. Adm. Sampson's fleet Friday morning. The enemy's loss is believed to be heavy. The American loss is two men killed and seven men injured. After three hours' firing the admiral withdrew the fleet and heading for Key West he said: "I am satisfied with the morning's work. I could have taken San Juan;

The town of San Juan must have suffered, although protected by the hills, as the high shots must have reached it. No traces of the bombardment were discernible on the forts, except small fires, which were apparently extinguished before the fleet left.
